## SKILLS

Javascript, NodeJS, ReactJS, MySQL, JQuery, CSS, HTML, Bootstrap, Photoshop

## PROJECTS

### TitanSaaS.com

NodeJS Proof of Concept for the IT Asset Management Industry. User enters product specs into database and the results are shown on the client dashboard.

-NodeJS, EJS, MySQL, Bootstrap, CSS, HTML

### CoffeeNooks.com

A React.js project utilizing the Yelp API and Google Maps API. I was responsible for the front end look and design.

-React.js, Bulma, CSS, HTML

### SleevePatches.com

A collection of Shoulder Sleeve Insignias worn by the United States Army

-Bootstrap, CSS, HTML

## INTERNSHIP

### UI Programming Intern - Random Acts Studios

A proprietary social networking platform using Laravel. Primary responsibilities included all Front End design as well as integrating the front end with Laravel framework. Project encountered scope creep from the client and was canceled.

-PHP, Laravel, MySQL, Bootstrap, CSS, HTML

## PRIOR EDUCATION

### Kansas State University (Junior Status)
